FOR

FLORISTS

**Vaughan's
Seed Store**

**CHICAGO, 84 & 86 Randolph St., and
206-208 W. Randolph Street.**

NEW YORK, 14 Barclay Street.

GREENHOUSES, Western Springs, Ill.

TERMS on Florists' stock: To customers of approved credit 60 DAYS, except on certain CASH items. Special **3** per cent. discount for cash in Ten days, (from these list prices only,) not from the "Special" quotations and excepting NET CASH items.

New Accounts: New customers, if not already well known, will please send cash with first order and if desiring to open an account send good references, property statement or other information concerning their commercial standing as they may be able to furnish. This will avoid delay which is often very annoying. We cannot be expected to ship goods to those whose good standing is not known to us. For references please name bankers, wholesale merchants or other well-known business men with whom you have had dealings—such information will be held in confidence. We prefer not to send goods C. O. D., but when wanted in that manner some money must accompany order; PERISHABLE stock plants, etc., are POSITIVELY NOT SENT C. O. D.

Our Responsibility: While we always aim to have the best BULBS AND DORMANT PLANTS which each season affords from reliable houses, we cannot and do not guarantee any of them to flower or produce a crop of flowers at the prices given, nor will we be responsible for the crop. We assume our customers to be acquainted with these conditions and if the stock is not accepted on such conditions it must be returned at once and any money paid will be refunded. Live plants and like perishable stock should be sent by express, we cannot assume any responsibility whatever for safe arrival when such plants are ordered by freight by the purchaser. The remedy for loss must lie between the buyer and the Railroad Company, but we will gladly render all aid we can.

ROMAN HYACINTHS.

Lilium Longiflorum.

(JAPAN GROWN.)

These will be grown extensively the coming season as a substitute for *Lilium Harrisii* for late or Easter flowering, because they have usually proven much more free from disease than *Harrisii*, as well as unmixed with the latter variety. They are also much more reasonable in price, as shown below. While they do not produce as many flowers as *Harrisii* bulbs of the same size, they can be had for less money, and a saving made in this respect. A large grower of these bulbs near Chicago who forced both *Harrisii* and *Longiflorum* last year, says: "I will grow *Japan Longiflorum* for my full needs the coming Easter, they gave me best results."

Our "London Market" Brand Valley Pips cannot be surpassed for early forcing.

French Roman Hyacinths

The buyer will meet many different pines in this stock this season; but vary as these may, they will not differ so much as the sizes and qualities which will be supplied. For our part we promise good, sound, healthy bulbs *up to grade* in size, all carefully inspected by us. We are glad to sell by sample at any time after first bulbs arrive. Our first delivery of White Romans last season was twenty days in advance of other houses.

DUTCH ROMAN HACINTHS.

These cannot be excelled for growing either as cut-flowers or pot plants, owing to cheapness of Bulbs, and earliness of flowering. The named varieties are particularly good for growing three in a pot, as they produce strong spikes, almost equal to those of the second size named flowers are strong and larger than blooms of French Romans.

NAMED VARIETIES.

Baron van Tuyl, pink early.	La Godesse, pure white, moon early.
Gertrude, dark rose, medium early.	Charl Dickens, blue, early.
Amy, dark red, early.	Czar Er, light blue, early.

Pure White, White and Blush, Blue all shades, Light Blue, Red all shades, Rose.

GLADIOLUS FOR WINTER FORCING.

The varieties mentioned below are invaluable for forcing. They are of dwarf habit and can be cultivated in the same manner as Hyacinths.

Colvilli Alba (The Bride), a light graceful variety, having pure white flowers which are freely borne on long stems. Coming more into favor as its good qualities become better known; equally good for blooming in the open air. Per 100, 60c.; per 1000, \$5.00.

C. Rubra, red, per 100, 55c.; per 1000, \$4.25

GLOXINIA.

Our stock of Excelsior Pearl has been bred up by several years of careful selection from the bulbs producing the shortest stalks with full heads of double flowers. But two or three forms can supply this extra Dwarf "Excelsior" Strain.

TUBEROSE, EXCELSIOR PEARL.

DUTCH HYACINTHS.

Selected Named Varieties, Strictly First Size.

These are the very best selected bulbs and are more generally used for pot and glass culture as they produce much finer spikes than either the second size or mixed varieties. Those in full faced or black face type are especially recommended.

Price for our selection, per 100, \$6.00; per 1000, \$54.00.

Lily of the Valley.

We shall deliver this stock as early as the same can be secured from the growers after maturity. Pips will be of the best quality which the season affords, carefully grown, as well as ripened and of full size, so as with proper handling ought to give most satisfactory results—so much, however, depends on the treatment of this stock in forcing and storage that we will not assume any responsibility for the crop. We pay our growers more than the market price to be sure of picked stock. Don't fail to try our "London Market" brand for early forcing.

For Forcing and Open Ground.

The demand for Tulips seems to be largely on the increase, esly for such varieties as La Reine, Keizerskroon, Yellow Prince, Tournesol Red and Yellow ambrillo, these sorts having proved very profitable to most Florists the past season. There shouldoney in them for you at the low prices at which they are offered this year.

WE DO NOT SUPPLY SECOND SIZE LIPS.

Not less than 250 of a variety at the 1000 rate, nor less than 25 at 100 rate.

Lily of the Valley.

We shall deliver this stock as early as the same can be secured from the growers after maturity. Pips will be of the best quality which the season affords, carefully grown, as well as ripened and of full size, such as with proper handling ought to give most satisfactory results—so much, however, depends on the treatment of this stock in forcing and storage that we will not assume any responsibility for the crop. We pay our growers more than the market price to be sure of picked stock. Don't fail to try our "London Market" brand for early forcing.

"London Market," the finest pips in existence for early forcing. Per 100, \$1.65; 1000, \$13.75; case of 2500, \$33.75.

Canna Burbank.

• Novelties of 1896-'97. •

Chicago. (Medal). This is the best vermillion scarlet to date; 4 feet, green foliage with leaves 9 to 10 inches wide, flower truss and stalk stand boldly erect. The large flowers open out nearly flat, petals $1\frac{1}{2}$ inches wide and five in number. The color is a clear deep vermillion, smooth and without markings, except a purplish gloss. They never fade, but drop off the flower stalk as they pass perfection, leaving it bright and clean so that the bed is always a mass of brilliant scarlet. Per doz., \$1.50; per 100, \$12.00.

Leonard Vaughan. Five feet. Dark bronze foliage. Grand addition to the small list of this class. It is the best dark-leaved variety. Very strong, robust grower, throwing up numerous, well-formed flower spikes which are carried well above the foliage. Color, bright scarlet without markings. Very wide petals measuring $1\frac{1}{2}$ inches. Doz., \$2.00; per 100, \$15.00.

Philadelphia. Flowers gigantic in size, 5 to 6 inches across, deep, rich ruby-red; by far the finest of all red Cannas. Vigorous grower, 3 to 4 feet; luxuriant foliage. Extra. Per doz., \$2.00; per 100, \$15.00.

Souv. de Mme. Crozy. Large red garnet flowers, with broad border and large center of a brilliant yellow; rich green foliage. 4 feet. Each, 40c.; per doz., \$3.00.

Beaute Poitevine. Flowers bright, rich crimson, and with erect flower spikes, grows about $3\frac{1}{2}$ feet high; one of the finest budding Cannas. Per doz., \$3.00.

Mile. Berat. A most distinct and novel variety, being the nearest approach to a pink yet introduced; it is of a very soft shade of rosy carmine, and is very pleasing and unique; foliage green. $3\frac{1}{2}$ feet. Doz., \$2.00; 100, \$15.00.

Chas. Paul. Flowers large, generally with five large round petals, bright rose, passing into cloudy salmon; metallic purple foliage. $3\frac{1}{2}$ feet. Per doz., \$2.00; per 100, \$15.00.

Flamingo. $3\frac{1}{2}$ feet. Solid glowing crimson, green foliage, large open flowers, well reflexed, thick petals of good substance. One of the best for winter blooming in the house. Per doz., \$2.00; per 100, \$15.00.

"Cuba Libre." An improved Madam Crozy, larger flower, deep blood-red, and fully equal to Madam Crozy in flowers, foliage and habit of growth. Per doz., \$1.00; per 100, \$8.00.

Papa Canna. Considered by many the finest red. It grows about 3 feet high, with immense spikes of flowers, the florets being of grand size and fine form; color pure red; habit of plant graceful with wavy light green foliage. Per doz., \$2.00; per 100, \$15.00.

Little Billee. A very dwarf variety, intermediate in color between Queen Charlotte and Souv. de Antoine Crozy; grows about three feet high. Flowers medium size, of rich apricot color, resembling J. D. Cabos, except in foliage, which is green. Per doz., \$1.00; per 100, \$8.00.

Stella Kanst. A seedling grown and propagated by Mr. F. Kanst, head gardener of the South Parks, Chicago. The plant grows from 5 to 6 feet high. Flowers medium size, of rich apricot color, resembling J. D. Cabos, except in foliage, which is green. Per doz., \$1.00; per 100, \$8.00.

Prices are based on delivery by Nov. 1st, and for strong dormant roots with 2 to 3 eyes.

THE BEST NOVELTIES.

BURBANK. The new Orchid-flowered Canna. At last we have not only a clear, beautiful yellow flowered Canna, but also a flower magnificent in size, fully twice as large as Madam Crozy and similar kinds. The flowers are truly gigantic in size the three upper petals spreading fully 7 inches, and the form is really semi-double; toward the inner part the petals show fine crimson spots; all the rest of the flower is of a most beautiful, rich canary yellow. The plant is a very strong grower, five to six feet high, with leaves with a texture like rubber. As specimen decorative as well as a flowering plant for the greenhouse or private conservatory, it is the finest novelty in recent years.

Price, each 35c.; 12 for \$4.00; 25 for \$7.50; 50 for \$13.00; 100 for \$25.00.

"YELLOW CROZY." (Vaughan's No. 1.) This novelty, proven by us for two years, is a clear, pure canary yellow with no red markings, except a few faint red spots on the smallest lower petal. The effect produced by a bed of it is a solid mass of pure yellow. In size, the flower petals are $1\frac{1}{2}$ inches broad, the compact spike shows off well above the foliage, height 3 feet, foliage green. It has a remarkable habit of throwing out additional lateral flower heads from the main spike—often as many as six or seven. In the full sun it bleaches less than any Yellow Canna we have seen, owing to its good substance. It is, in short, just the color and habit of a plant which has been sought for the past five years, a pure "Yellow Crozy."

Each, 50c.; doz., \$5.00; per 100, 40.00.

ALEMANNIA. The gigantic flowering Canna. This kind produces the largest flowers which have been obtained as yet in the way of Cannas. The plant grows about $4\frac{1}{2}$ to 6 feet high. Numerous musa-like glaucous leaves. Above the perfect foliage which alone would be sufficient to render the plant beautiful, emerge numerous elegant gigantic and wonderful spikes of flowers. The latter are enormous and surpass in size even those of the Canna "Italia." The outer petals are scarlet with a very broad gold-yellow border. The inside of the blooms is scarlet and dark red. Exceedingly beautiful.

Each, 75c.; Doz., \$6.00.

ITALIA. One of the new Giant Orchid-flowered types. For size and shape of flower, see our colored plate of Canna Burbank. In color, the centre is of brilliant red; the outer half of the circumference of each petal being a wide, irregular band of clear yellow, making with the two colors a very striking flower. Each, 15c.; doz., \$1.50; per 100, \$10.00.

AUSTRIA. Much resembles the Burbank but far inferior to it in substance of flower and foliage. Price, each, 15c.; doz., \$1.50; per 100, 10.00.

EXHIBITION PLANTS.

We have in stock, coming on for November Flower Shows, specimen bush plants and standards in 8, 10 and 12 inch pots, ready from October 25th to November 15th. Write for description and price.

PELARGONIUM. MAD. GUSTAVE HENRY.

GERANIUMS.—Standard Sorts.

We have a good stock of these and recommend our customers to prepare for a good spring demand. We have a choice list of varieties, both double and single. They were propagated in July and have well ripened wood that will bear transportation well. Per 100, \$4.00; per 1000, \$35.00.

Mrs. Parker and Mrs. Pollock, per 100, \$5.00.

Ivy Leaved, Chas. Turner, P. Crozy, Joan of Arc, Prince Albert, Berlin, etc. Per doz., 60c.; per 100, \$4.00.

DOUBLE RUDBECKIA.—Golden Glow.

This is decidedly the brightest and most showy among the hardy plants in cultivation, and of the easiest culture possible. The plant is compact, growing four to five feet high, producing numerous stems which are laden with double, golden yellow flowers, in size and general appearance resembling a Cactus Dahlia.

Price, strong field roots, each, \$0.15; doz., \$1.50; per 100, \$10.00. Pot plants, per doz., \$0.75; per 100, \$5.00.

Sansevieria Zeylanica.—Doz., \$1.00; per 100, \$8.00.

Smilax.—Fine plants. Per 100, \$2.50; per 1000, \$20.00.

STROBILANTHES DYERIANUS.—Royal Purple.

A new house and bedding plant. It forms a compact bush eighteen inches high, with leaves six to nine inches long, three to four inches wide, and of the most intense metallic purple color, shading into light rose with a light green margin, a combination unapproached by any other plant. Price, 2½ inch pots, per doz., \$0.60; per 100, \$4.00.

SWAINSONIA GALEGIFOLIA ALBA.

Most profitable plant, producing spikes of pure white flowers from four to six inches long in the greatest abundance the entire year. The flowers are exactly like a small Sweet Pea and last well when cut. It requires the easiest kind of culture—as easily raised as a Geranium or Heliotrope. It does best in a temperature of from 45 to 55 degrees. Strong plants from 2½ inch pots, doz., 60c.; per 100, \$4.00; 3 inch pots, per doz., \$1.00; per 100, \$6.00.

THE CALIFORNIA VIOLET.

Plant vigorous and absolutely free from disease; flowers single, immense in size, covering a silver dollar; color violet purple (does not fade); fragrance intense; flowers borne on strong stems ten to fourteen inches in length. Last season several hundred flowers were picked from a single plant. Price, large field grown clumps, per 100, \$5.00; per 1000, \$40.00.

Double Russian Violet.—This Violet will not force to advantage under any consideration. It flowers well only when grown naturally and is perfectly hardy. Flowers are blue, very large, double and strongly fragrant. Small plants, per doz., \$1.00; per 100, \$6.50; clumps, per 100, \$10.00.

Violet, Marie Louise.—Clumps, per 100, \$8.00; per 1000, \$65.00.

Violet, The Czar.—Single blue. clumps, per 100, \$10.00.

NEW PELARGONIUMS.

Every Florist knows the advantage of starting this stock early to secure large show plants in season for best spring trade. Plants rooted in winter usually do not bloom that season. We have a large stock of three newest varieties, of which we offer strong plants from 2½ inch pots, ready December 15.

Edward Perkins (New).—Grand, bright orange scarlet, dark maroon blotch on upper petals, beautifully fringed and undulated, good habit and very early and free flowering. Per doz., \$2.00.

Dorothy.—Rosy salmon, dark maroon blotch on upper petals, richly shaded plum color around the throat, petals prettily fringed, giving a light elegant appearance to the flower; begins to flower early in the season, keeping covered with bloom to the end. Per doz., \$2.00.

Mrs. Robert Sandiford.—Grand white varieties, flower large size, well doubled, beautifully ruffed along the edge of the petals and of glistening snow-white color. Per doz., \$1.50.

Madam Thibaut.—White, richly blotched and marbled with rose, the upper petals marked with crimson maroon; large white center, immense trusses of large fine flowers with undulated petals. Per doz., \$2.00.

GERANIUMS.

Geraniums of 1897, price per doz., \$1.00; per 100, \$8.00.

Mad. Bruant.—A grand, single variety, wholly distinct from any other in cultivation. White veined with carmine lake, florets regularly bordered with bright solferino, the arrangement of color is exquisite; the trusses are large and beautifully formed.

J. Sallier.—Edges of petals carmine lake, single; the center is washed in tints of rose and bluish heliotrope color.

Mad. Jaulin.—This is an entirely distinct color in the Bruant or bedding type. Very large florets compose a truss of grand size; center of flower very delicate pink, bordered with pure white.

Fleur Poitevine.—Large single flowers; color brilliant rosy carmine, marbled and striped with pure white, producing an aureole of deep orange carmine at the center; the plant is dwarf but robust and wonderfully free flowering.

J. Ricaud.—Free flowering double variety with enormous size trusses; flowers purplish crimson of a very intense shade, center very distinctly marked white.

Double New Life.—The flowers are double, brilliant red, and in the center of each appears another semi-double white floret.

Mars.—A superb bedding and pot Geranium, it is of dwarf and compact habit, and extraordinarily floriferous. The flowers are a clear light salmon, darker at the center, and produced close to the foliage.

PRIMULA CHINENSIS.

Our plants are grown from the best strains of seed, the best whites, reds and pinks predominating. Chinese Primroses are standard, fast selling winter stock and their moderate price will appeal to hard times buyers. Plants from 2½ inch pots.

Single white, red, pink or mixed, per 100, \$3.00.

LARGE FLOWERING CHINESE PRIMROSE

ROSES FOR FLORISTS.

YELLOW RAMBLER. (AGLAIA).

combine with yellow color. It has withstood, unprotected and without injury, a prolonged temperature of from zero to two degrees below and we believe that, with very slight attention, it can other roses succeed. It also *blooms after the same manner as Crimson Rambler*, in large trusses. Well established plants from $2\frac{1}{2}$ inch pots, per doz., \$1.00; per 100, \$7.00. Strong one-year-old plants, per doz., \$3.00; per 100, \$20.00.

Pink Rambler or Euphrosyne.—A seedling from Rosa Polyantha Sarmen-tosa, crossed with Mignonette. Color, a clear, light red, with numerous golden anthers. A very profuse bloomer and vigorous grower. Similar to Aglaiia in nearly all respects, save color. Per doz., 75c.; per 100, \$4.00.

White Rambler or Thalia.—A seedling from Rosa Polyantha Sarmen-tosa, crossed with Paquerette. Pure White. In other characteristics very similar to Aglaiia. Per doz., 75c.; per 100, \$4.00.

Crimson Rambler.— $2\frac{1}{2}$ inch pots, per doz., 75c.; per 100, \$5.00.

Dormant.—1-year-old, field grown plants, per doz., \$2.25; per 100, \$17.00. 2-year-old, field grown, per doz., \$3.00; per 100, \$25.00.

Climbing Meteor.— $2\frac{1}{2}$ inch pots, per doz., \$1.25; per 100, \$8.00.

Empress of China.—A new and very valuable, perpetual blooming climber. The color is dark red in the bud, and changes when the flower opens to a lighter red or pink. $2\frac{1}{2}$ inch pots, per doz., 60c.; per 100, \$4.00.

Climbing Capt. Christy.— $2\frac{1}{2}$ inch pots, per doz., 60c.; per 100, \$4.00.

Princess Bonnie.—The flowers resemble William Francis Bennett. In color it is a rich solid crimson. $2\frac{1}{2}$ inch pots, per doz., 60c.; per 100, \$4.00.

Bardou Job.—A new hardy climber. Unlike any other rose in color; a vivid deep crimson with a blackish satiny gloss. It is one of the earliest to bloom. $2\frac{1}{2}$ inch pots, per doz., \$1.00; per 100, \$8.00.

Marechal Neil.—Grafted, single cane, each, \$1.00. $2\frac{1}{2}$ inch pots, per 100, \$4.00.

Dormant grafted plants, 12 to 15 inches, per 100, \$8.00; 3 to 4 feet, strong, per doz., \$3.00; per 100, \$20.00.

Wichuriana.—Desirable for banks, rock work, etc. Flowers two inches in diameter, creamy white. $2\frac{1}{2}$ inch pots, per 100, \$6.00; 3 inch pots, per 100, \$8.00.

Hermosa Roses.—*Fine Dormant imported Stock, ready Dec. 1.* Very profitable for retail spring sales. These fine bushy plants are 10 to 18 inches high and if potted in 3 inch pots and put into a cold frame until well rooted, will make a fine salable plant quickly. Doz., \$1.00; 100, \$7.50; 200 for \$14.50; 1000, \$70.00. Extra heavy grade, 2-year-old, selected, per 100, \$13.00.

Margaret Dickson.—The flower is of magnificent form and very large, rivaling in size the Paul Neyron, which is claimed to be the largest of roses. In color it is the most beautiful waxy white, a lovely shining white, with almost the lustre of a pearl. The petals are very large, well shaped and of great substance but most delicate in texture. The buds are large, globular and especially handsome. In hardiness it may be called an "Iron-clad." $2\frac{1}{2}$ inch pots, per doz., \$1.00; per 100, \$8.00. Strong, 2-year-old, dormant plants, per doz., \$1.75; per 100, \$12.50.

Our soil at Western Springs and our Greenhouse Plant are both well adapted to the growing of young Roses for the shipping trade, and we claim also by reason of express and freight facilities to be in the best position to supply satisfactorily all florist stock of this class. We guarantee all plants that we send out to be first-class, and will make them satisfactory every time, if they are otherwise. We are always glad to make closest possible estimates on your wants in this line.

The Great Pot Rose, Clothilde Soupert.—We are headquarters for best stock. Selected plants only. Price, 2 in., per 100, \$3.00; $2\frac{1}{2}$ in., per 100, \$4.00; 3 in., per 100, \$6.00; $3\frac{1}{2}$ in., per 100, \$10.00.

Dormant Stock.—Our own growing, 1-year-old, 10 to 15 in., bushy plants with good roots, per 100, \$12.00.

New Yellow Soupert, Mosella.—This is a splendid novelty; its origin is almost identical with that of the original Soupert. It blooms in profuse clusters of 3 to 5 flowers, which are very double, ball-shaped and open like a Camellia flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals. Per 100, \$4.00; $3\frac{1}{2}$ in., per doz., \$1.50; per 100, \$10.00.

Yellow Rambler. (Aglaiia).—This rose is, we are confident, an even more valuable introduction than the Crimson Rambler, for it is the *hardenest yellow climbing rose* yet introduced, and quality of hardiness has been an extremely difficult one to

PRIMULA SINENSIS.

CHINESE PRIMROSES.

Our Primula seed has been grown by the most celebrated English, French, German and American specialists and is remarkable for great diversity of coloring, as well as splendid habit of the plants and the large size of the flowers, measuring from 1 1-2 to 2 inches in diameter, being perfectly round and fringed.

GIANTS.

In this new strain we have a vast improvement on the older varieties, the flowers being considerably larger. They will no doubt take the foremost place when the variety of colors has been increased. We offer the following colors:

Giant Pink	Pkt., 150 seeds, 50c.

Vaughan's International Primula Mixture.

This mixture is composed of the most salable colors of Single Flowering Chinese Primula, the best whites, pinks and reds, with a sprinkling of other colors, enough to give a large variety of colors the most important shades predominating. It contains some of the Giant sorts, some Fern-leaved, some blue; also some with dark leaves and stems. Our most carefully prepared mixture—none better can be found. Pkt., 350 seeds, 50c.; 5 pkts. Pansy Seed

Collected by us from the best sources in the world. Made up of choicest named kinds and colors regardless of cost. Ever increasing trade in this specialty proves that our efforts are appreciated. Try our seed and you will be convinced of its value and superiority.

Vaughan's International Pansy Mixture.

This is the Pansy mixture for every Florist who would realize the highest prices for his flowers and plants. It contains the cream of the cream of every noted Pansy growers' product the whole world over. The Pansies grown for this mixture have been repeatedly personally inspected by us in the fields, and we thus became acquainted not only with the quality of the general assortment of each individual grower but we also made selections of their choicest varieties. Thus it can be readily understood that we are in position to make up *The Finest Combination* of kinds in the world, and this we are doing each year with our "International Mixture." It contains, besides all the choicest German Pansies in their wide range of beautiful colorings; all the separate colors of the Giant Trimardeaus with their immense flowers and rich colors. It contains the Giant Cassier and Bugnot strains, the product of celebrated Scotch strains, the Falaise and Boulogne Giants, in fact there is no strain of any of the celebrated Pansy Specialists not represented in our INTERNATIONAL MIXTURE. Price, per oz., \$10.00; 1/2 oz., \$5.00; 1-8 oz., \$1.50; trade pkt., 50c. (Less 10 per cent. for cash.)

Eight Choice New Pansies.

COQUETTE DE POISSY. This is undoubtedly the prettiest of all the light-blue Pansies. The flowers are of good size, perfect form and good substance. The color is most unique being a light lavender shading into pure white towards the edge of the petals, a dark lavender blotch on the lower petal and a yellow star in the center. Resembles the coloring of a Cattleya. Pkt., 25c.; 1/2 oz., 50c.

GIANT "ADONIS." Trimardeau size flower, of good form and substance. Color a magnificent light blue with a white center which set off the dark blotches on the petals in a most striking manner. Pkt., 25c.; 1/2 oz., 85c.

GIANT "FREYA." Trimardeau size flower, color rich deep purple violet with a broad white margin which shows just as distinctly on the back of the petals and this peculiarity gives a bed of these a very unique and rich appearance not obtained by any other sort. Pkt., 25c.; 1/2 oz., 85c.

PRESIDENT CARNOT. This new sort originated from the Giant Cassier class and possesses the regular, dwarf habit of the same also its free flowering qualities which render it so well adapted for bedding purposes. The ground color is white and each petal is almost covered with a deep, rich velvety blotch of dark violet blue, leaving a broad white margin. This sort comes perfectly true from seed and is one of the most effective of our entire list. Pkt., 25c.; 1-8 oz., \$1.00.

GIANT TRIMARDEAU, Red (Fiery Faces.) The flowers are of fine form, good texture, and the color a very bright scarlet with a gold edge and yellow center, while the three lower petals are marked with a deep, almost black spot, which gives the flower a face-like appearance. Pkt., 25c.; 1-8 oz., 75c.

GIANT AURORA. Pure white. Pkt., 25c.; 1-8 oz., 50c.

GIANT GOLDEN QUEEN. Pure yellow. Pkt., 25c.; 1-8 oz., 75c.

These two are very desirable, being pure, without the dark blotches on the petals, extra large, almost Trimardeau size, and fill the place of the long-looked-for yellow and white of large size.

MAD. PERRET, GIANT. Trimardeau size of flower, of perfect form and best substance, the edge of the petal is somewhat frilled which lends it a very graceful appearance. The colors are of dark wine color, pink and red, beautifully veined and all with a broad white margin. A sort which should be in every collection. Pkt., 25c.

SPECIAL OFFER: One trade pkt. each of above 8 choice new Pansies for \$1.50.

All the Above Eight Mixed, per trade pkt. of 350 seeds, 25c.; 1-8 oz., \$1.00.

Embraces besides all the above shades and colors, two special strains not listed elsewhere in this Catalogue, and which can only be had in this and our International Pansy. This mixture indicates the all the distinct colors of Trimardeau, the splendid Cassier strain with its delicate veinings. We have spared no expense to secure the newest, richest and finest sorts. Price, oz., \$4.00; 1/2 oz., \$1.25; 1/2 oz., 70c.; pkt., 50c.

IMPROVED GERMAN MIXTURE.

This is a mixture of three strains from different German growers, and is made up mostly of separate colors, with a sufficiently large percentage of white yellow and black. Per large pkt., 25c.; 1/2 oz., 40c.; 1/2 oz., 60c.; oz., \$2.00.

••• SHEEP MANURE. •••

Specially recommended for Roses and Flowering Plants.

Sheep Manure is one of the very best fertilizers we have used either in liquid form or mixed with the soil at the time of planting. We have proof of the power of sheep manure as a fertilizer if we look at the crops of grain produced on land that has been pastured with sheep. Nothing in the way of animal manure can equal it as a crop producer.

Pulverized Sheep Manure.—In bags of about 100 lbs., 50 lbs., 75c.; 100 lbs.; \$1.25; 500 lbs., \$5.00; 1000 lbs., \$9.00; per ton, \$17.50, if shipped from Chicago. 50 lbs., \$1.10; 100 lbs., \$1.75; 500 lbs., \$7.50; 1000 lbs., \$14.50 ton, \$26.00, if shipped from New York.
